

American Government  
Government/Environment Essay  
Due Friday April 28 at end of class

Write a 5 paragraph essay (intro, 3 body, conclusion) on the ability of government to protect the environment. Address how each issue should be dealt with by federal, state, and local government (make sure to discuss which would be best to deal with issue)

- Chesapeake Bay
- Fracking
- Wind Power/Solar Power

If you use info from sources make sure to cite them properly.
